Riverton Grange News for September

By Dawn Anstett

SEPTEMBER 6, 2013 --

Riverton Grange's August meeting was part of Sister Moore's final program on "Summer Events." It is always bitter sweet for a lecturer to give that final program, and we have to thank Sister Moore for the work she has done for the Grange.

Riverton Grange is GEARing up for an exciting program year ahead, beginning with having Northwestern Regional #7's FIRST Robotics team, the GEARheads, coming in to show us what they do, and tell us about what this program means to this group of high school students. We hope everyone you will join us for this Potluck Supper, with a spaghetti theme and Program. Please contact Cindy Prelli about what you can make or bring for this inspirational night.

Sept. 20: Spaghetti Supper & Open Meeting 6:30 - Mark & Cindy Prelli corr. Program: Meet the GEARheads, NWR#7's First Robotics Team

Oct. 4: Meeting 7:30; Program:It's "Get Organized Week," Are You Ready?
